Vaya con Dios my darling

May God be with you my love

Now the village mission bells are softly ringing
Dm G7 C
If you listen with your heart you'll hear them saying

May God be with you my love

Wherever you may be I'll be beside you
Gm C F
Although you're many million dreams away
Am D7 G7
Each night I'll say a prayer a prayer to guide you
Am D7 G7
To hasten every lonely hour of every lonely day

Now the dawn is breaking through a gray tomorrow
Gm G7 C
But the memories we share are there to borrow
F C
Vaya Con Dios my darling

May God be with you my love
